

Private Lessons

For those students who would like private instruction, private instruction is available at U Can-DANCE. While we encourage that students absorb all technique while in class, our policy and our belief is that all technique should be taught during class time. In the event extra sessions are required to perfect technique, we definitely recommend private lessons to solidify the technique.

Additionally, we do encourage private lessons for specialized choreography and to “clean-up” or perfect choreography already learned. These sessions are used to prepare students for competition and also to increase endurance.

Private lessons are scheduled in 30 minute and 60 minute sessions. These sessions are priced as follows:

30-minute sessions \$35.00

60-minute session \$60.00

Call today to schedule your session.
